LORE & ESSENCE

"I have watched empires rise and crumble. I will not let this one fall."

Othorian Nel is the oldest living elf, born before the founding calendar of Tiamat. He has ruled for millennia, fought the legendary Jarnath multiple times, and carries the terrible secret of Tiamat's reincarnation. He destroyed the town of Nether when they harbored enemies of the crown. He is wise, ancient, and utterly terrifying when crossed — but his people love him, for he has given everything for the realm.

KEY RELATIONSHIPS

Charles Rex. His human co-ruler and unlikely friend. Othorian respects Charles's mortality and courage.

Shilo Nel. His son, born centuries ago. Othorian knows Shilo despises humans but hopes time will temper him.

Jarnath. His oldest rival. They've fought multiple times over millennia. Respect and grudging admiration.
