LORE & ESSENCE

"The orcs are the rightful owners of this land. One day, we'll take it back."

Scree Dangar is the bitter leader of Dangar, a small orc settlement at the end of the Seikatsu River. He assassinated the leaders of Cardious in his younger days and was the only one to escape. His fighting days are mostly behind him, but he watches the sea at night — something has been coming ashore, rummaging through their trash. He believes orcs are the rightful rulers of Tiamat but lacks the numbers to do anything about it.
