LORE & ESSENCE

"I AIN'T MAD! THIS IS JUST MY FACE!"

Snarlock is a blacksmith at the Ass N Iron in Gondor. He's decent at his job, perpetually drunk, has the angriest-looking face anyone has ever seen, and cannot smell anything. People give him a wide berth, mock him behind his back, and generally treat him poorly. He doesn't really notice. He just wants to hammer iron and drink ale. He's not a bad guy — he's just really hard to get to know.
