LORE & ESSENCE

"I've fought gods, slept with worse, and I still can't pay my bar tab."

Jarnath is a living legend — part Aragorn, part Han Solo, part All Might. Born over four thousand years ago, he has survived through sheer stubbornness and the blessing (or curse) of magical preservation. He has slain more dragons than anyone alive, fought King Othorian to a standstill multiple times, slept with Cthulhu's daughter, and accumulated gambling debts that could bankrupt a small kingdom. He is loud, brash, impossibly strong, and somehow always ends up doing the right thing.

KEY RELATIONSHIPS

Othorian Nel. His ancient rival. They've fought multiple times over millennia — Jarnath always loses, but never stops trying.

Kassandra. The mayor of Cardious. They have... history. Complicated, physical history.

Djoner. The gravity sorceress. A complicated bond forged in dragon fire.
