LORE & ESSENCE

"You want to arm wrestle? I've never lost. But you're welcome to try."

Kassandra is the mayor of Cardious and the toughest human in the realm. She trains with dragons for fun, has never lost an arm wrestling match, and runs her town with an iron fist wrapped in a warm smile. She's brash, loud, fiercely loyal, and has slept with Jarnath (which she considers a lapse in judgment she might repeat). Her people love her because she would die for any one of them.

KEY RELATIONSHIPS

Jarnath. They have... history. Physical, loud, complicated history.

The Dragons of Cardious. She trains with them regularly. They respect her strength.
